ADLER'S TIPS

1. Beige is dead. Color rules.
2. Nautical themes are super in. I can't get enough of anything with a rope, fish or anchor motif.
3. A home should have a bit of levity. We need bold patterns in our lives.
4. Gray is a great base for jolts of color. If you paint a wall gray and put a lemon yellow sofa in front of it, you'll be a happy person.
5. Never say no to a yellow tulip or a Shirley Temple.

STAR TALK

We Asked... What's Your Favorite Household Chore?

RENEE ZELLWEGER
"Laundry. I love the laundry. It's warm, it's fresh, it's an immediate thing. You get it done—fresh beginning."

DAVE ANNABLE
"I love doing the dishes. Then I have ammunition. I say [to fiancée Odette Yustman], 'Baby, I did the dishes. Didn't you see?'"

ELLEN BARKIN
"I like to clean glass surfaces, like windows. Mirrors don't interest me so much because you kind of get a little distracted."

MATT LAUER
"I'm a little anal compulsive, so I love vacuuming the carpet. When I get to see the symmetric tracks I've made, I feel good about it."
