COMPILED BY TARYN ADLER

## Hot HOME

Design guru **Jonathan Adler** is bringing his talents to HSN with Happy Chic, an exclusive design collection. The line will include bath, kitchen, tabletop and lighting items. **Kelly Killoren Bensimon** is a fan of Jonathan's signature quirky sensibility, which is exemplified by these pop-stripe bud vases (\$50 for set of three). \$13-\$350; available at [hsn.com](http://hsn.com).

## Hot GAME

**Kim Kardashian** toys with the Loopz tower, a device that plays seven preloaded games with different memory, motion and music components. Try Repeat the Beat, which flashes a pattern of lights and sounds through the loops. Memorize the patterns and try to repeat them. \$29; [walmart.com](http://walmart.com)

Pick Of The Week!

## Hot BAR

Saddle up! One of the many features at the new Las Vegas watering hole PBR Rock Bar is a mechanical bull! And as if that weren't enough, there's also extensive Western décor, an outdoor patio complete with fire pit and 105 flat-screen TVs! Check it all out while sipping on themed cocktails including the Stubborn Mule, a Jameson and ginger ale mix. Located in the Miracle Mile Shops at Planet Hollywood Resort & Casino, [pbrockbar.com](http://pbrockbar.com)

## Hot KICKS

Do good for yourself and others with the Skechers Shape-ups Awareness shoe. The soft kinetic wedge and rocker bottom of the sneaker help improve posture, strengthen the back and tighten buttock, calf and ab muscles. Plus, \$10 from the sale of each pair — which features pink accents including a ribbon — will benefit the Breast Cancer Research Foundation. \$110; [sneakers.com](http://sneakers.com)

## Hot SNACK

When **Jennifer Love Hewitt** gets the munchies, she can nibble away guilt-free! Sensible Portions Potato Straws are crunchy treats that have 30 percent less fat than the average chip. The recommended portion is a satisfying 38 straws (130 calories) — gotta love that! Available in five flavors: Original Sea Salt, Salt & Vinegar, Smooth Cheddar, Salt & Pepper and Jennifer's choice — Sweet BBQ. \$1.19 and up, grocery stores. ★
